Re: Living and working on University Hill

Dear President Smith,

The members of the Onondaga County Legislature listed below have received a copy of a letter sent to you from the Southeast University Neighborhood Association (SEUNA) supporting the development of new programs and new incentives for home ownership to your employees on University Hill.

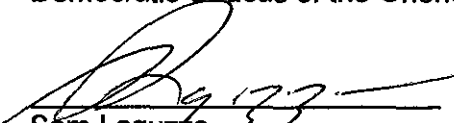

We recognize that as the five major employers in the University Hill area, your organizations, and your employees play a vital role in the strength of our County, our City, and our neighborhoods.

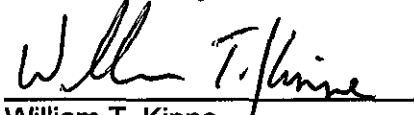

We support SEUNA's request for employer assisted housing programs in the City of Syracuse. We hope that you will recognize the enormous benefits to be derived from an effective homeownership program within the City of Syracuse.

We would welcome a collaborative effort with the County, the City, SEUNA and other organizations to begin to work toward the implementation of such a program.

Thank you for your consideration of this important incentive.
